DETAILED ACTION

Allowable Subject Matter

Claims 1-14 are allowable in reference to the prior art of record.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or disclose the invention as a whole nor does it make the invention obvious to a person skilled in the art. Specifically, the prior art fails to teach or disclose providing a ring-shaped area of a synthetic resin around a patterned part of a dielectric and around a semiconductor element with the ring-shaped ring having a thickness exceeding the thickness of the dielectric and the metal layer within the ring-shaped area in combination with the other claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
